

TAX ON MRS. IRVINE'S ESTATE CONSIDERED

Question As to Where Ownership May Go Before City Council—Other Business.

The question of whether city of Richmond is to collect taxes on the estate of the late Mrs. Elizabeth Irvine that lies inside city limits received consideration at the regular meeting of the city council Thursday night.

City Attorney H. C. Rice brought up the matter, stating that Executor John W. Crooke had declined to pay taxes on "Irvine," the homestead on Lancaster avenue. His grounds are that under her will the property either goes to the Kentucky Medical society or the City of Richmond, and in either event it is non-taxable. It was said that the Kentucky Medical society has so far done nothing to assume ownership of the property under the terms of Mrs. Irvine's will, but on the other hand has resisted the city taking possession of the property for a public park or children's playground by filing an answer in court denying that it has declined to accept Mrs. Irvine's bequest.

As the Medical society has allowed over a year to elapse without any affirmative action taking possession of the property, the city council some time ago, passed an ordinance accepting the property on behalf of the city and it is evidently this action that the medical society is seeking to resist.

Local physicians say that there seems no inclination whatever on the part of the medical society to accept the property. They point out that acceptance on its part will mean the expenditure of a large sum of money to carry into effect the terms of the bequest. They say there is no money in the medical society treasury which might be available for such a purpose. The city of Richmond has waited patiently for a long time to see what the medical society might do, and it is understood that sentiment is very favorable toward the city pressing its title as alternate beneficiary under Mrs. Irvine's will, and making a playground and public park of the handsome grounds.

Anyway, there is some \$48.25 due the city in taxes that is in dispute. Former City Attorney Joe P. Chenault, who was at present at the meeting said that it was entirely possible that neither the medical society nor the city might take the property, in which event it would revert to the heirs at law of Mrs. Irvine and in such an event, taxes would certainly be due the city. The council decided not to accept any offer of taxes on the estate without payment in full, and to await final decision as to the ultimate ownership of the property.

Another interesting feature of the councilmanic session was a colloquy between Councilman J. W. Hamilton and City Health Officer J. G. Bosley over remarks the latter made at a recent meeting of the Rotary club. Councilman Hamilton arising, he said to a sort of personal privilege, declared that he thought the council ought to know what Dr. Bosley had said about Richmond being the filthiest city he knew of, and that he could not get co-operation from the city council to clean up the city, and would appreciate the help of the Rotary club. He had been member of the council he had always found the members willing to co-operate in every possible way for the improvement of the city and he felt that Dr. Bosley's remarks did both the city and the council an injustice.

Dr. Bosley, who was present, said that he had attended the meeting of the council when Councilman Hamilton had told him that he proposed to tell what he had said before the Rotary club and "give me the devil." He said that he had been invited to the Rotary club to repeat a short statement he had made before the Chamber of Commerce about sanitary conditions in Richmond. Dr. Bosley said that what he did say was that Richmond was a very filthy city, and he reiterated that statement. He further said that he had not received the co-operation from the council that he should have had as city officer. He declared he reiterated that statement, too, and in support of

FOUR MORE IRISH REBELS PAY PENALTY

(By Associated Press)
Dublin, Dec. 8.—Rory O'Connor and Liam Mellows and two men named Conney and Barrett, Irish rebels, were executed in Mountjoy prison early today. It is officially announced. O'Connor and Mellows were leaders of the band of Irish insurgents that held the Four Courts building in the stand against Free State troops last June.

Official army reports say the men were executed as reprisals for the assassination of Sean Hales, Deputy who was shot yesterday, and as solemn warning to those associated with them in the conspiracy or assassination against representatives of the Irish people.

TRAINLOAD OF BUICKS GOES TO SOUTH

What is said to have been perhaps the most valuable freight train that has passed through Richmond in many months came through going south Wednesday. It was a special shipment of Buick automobiles going to the general agency at Atlanta, Georgia. There were 49 flat cars each carrying four automobiles, or a total of 196 machines. It was estimated that the actual cash value of the shipment was over \$200,000. Although the automobiles were loaded on flat cars, they were carefully protected from weather and other injury, an immense tarpaulin being over each car with word "Buick" in large lettering on each. The special train stopped here for water and was an object of amazement to a large number of people. It was billed direct from Flint, Michigan, where the Buick factory is located, through to Atlanta.

\$20,011 PAID IN INHERITANCE TAXES

(By Associated Press)
Frankfort, Dec. 7.—Inheritance taxes reported by the State Tax commission for November of this year, amounted to \$20,011.32 on sixty-three estates, according to a report issued today by Rainey T. Wells, chairman. The largest tax collected was on the estate of Charles Ahrens, who died in Jefferson county, December 7, 1921. The tax on the Ahrens estate was \$7,109.44. Jefferson county led in the number reported with Fayette next.

Among the taxes reported with the counties and estates are: Bath, James T. Crockett, \$247.77; Annie Royce, \$31.55; Boyle, John W. Yerkes, \$2,892.03; Sarah L. King, \$12.22; Fayette, Mary L. Delph, \$57.44; Wm. Worthington, \$880.20; Katherine J. McElhinney, \$68.22; W. W. Patterson, \$221.70; Mary E. Robinson, \$15.86; Katie Slavin, \$49.36; Fleming, Jerry Kirby, \$1.65; Garrard, J. H. Posey, \$34.69; Bourbon, E. F. Clay, Sr., \$688.01.

It declared he had asked for a number of ordinances and hadn't gotten them. One was to compel property owners should be conservers adjacent to them. He said there were many open cesspools and closets in the city and the property owners should be compelled to point out, substantiating his statement, too, and in support of

FLAMES DESTROYING ASTORIA, OREGON

(By Associated Press)
Astoria, Ore., Dec. 8.—Fire destroyed a large portion of Astoria today. The blaze started before daylight and soon wiped out ten blocks of the business district, including most of the large business houses, the leading hotel and all the banks. The firemen aided by the Portland department, dynamited the structures in an effort to stay the flames but by 8 o'clock the fire had swept over 27 blocks, eaten under a pavement on Commercial street and is burning the piling on which the city is built. The firemen are unable to cope with that development. The damage is already estimated at more than \$4,000,000. One life was lost, Norris Staples, president of the Astoria Bank of Commerce, dropped dead.

COURT REVERSES CLAYHOLE DECISION

(By Associated Press)
Frankfort, Ky., Dec. 8.—The appeal of the Commonwealth from the decision of the Boyd county circuit court which dismissed Will Barnett and others on a charge of conspiracy growing out of the Clayhole election day killing, was sustained by the Court of Appeals today. Barnett, the court said, should be tried with his co-defendants on the charge of conspiracy to break up the election in the Clayhole precinct in Breathitt county.

CHRISTMAS SEAL CAMPAIGN IS ON

The Christmas seal campaign is going forward very successfully under the leadership of Mrs. Henry White as the general chairman of the committee. Mrs. White and her workers have prosecuted the effort vigorously from the start and will continue through the pre-Christmas period. Richmond has always shared in the promotion of worthy enterprises and it is believed that thousands of Christmas packages and letters will carry the little penny Christmas seals which tell the story of a persistent fight to exterminate tuberculosis. Every such package bears witness to some individual's interest in the stamping out of this dreaded disease. These seals are in the hands of practically all the merchants in the city and those desiring them are requested to inquire in places of business for the seals.

One of the features of the Saturday bazaar of the ladies of the Christian church will be the auctioning of a sheet of these Christmas seals. This will also feature the Baptist bazaar next week.

The campaign will be given prominence in the announcements of the various churches on Sunday morning and it is believed that Richmond will use this year a larger number of Christmas seals than ever before.

Lonely Wives

Here are three of the beauties from the harem of the deposed Turk sultan, Mohammed IV. These beauties, with 147 other wives of the sultan, were tossed on their own resources when their ex-husband boarded a British warship. They are described by the new rulers, who are puzzled by the ladies' predicament, as "beautiful, religious, and affectionate."

Ziegfeld May Feature

Relics Of Sultan's Harem

New York, Dec. 8.—The 150 stranded wives of the former Sultan of Turkey may still eat with more or less regularity this winter if they know how to dance. Sam Harrison, director of Ziegfeld follies, announced today he had instructed Flo Ziegfeld's Paris office to obtain an accurate estimate of the piteous condition of the harem beauties who are penniless now that the Sultan is reaching Turkey and giving them jobs, and incidentally, cash. "If these girls are as d.s. ribbed," Harrison said, "they ought to fit in very nicely right now. The oriental dance and the eastern flavoring and all has so thoroughly identified itself with the shows of America that the follies next year will be devoted in the major part to things oriental."

The producer indicated that Ziegfeld and the Sultan had something in common that both picked girls for their beauty, figure and youth.

"There is just one hitch," Harrison added, "these girls will have to equal the American girl in beauty, grace and general attractiveness. The American girl is pretty hard to beat."

ALBERT SANDLIN IS CALLED HOME

The sympathy of many friends is extended to the bereaved wife and parents in the death of Albert Sandlin, who died early Friday morning at the home of his parents, Mr. and Mrs. Marion Sandlin. He had been a sufferer for the past three years from an injury sustained in an automobile accident, but his condition was not considered serious until a few days ago. He was 31 years old and besides his parents leaves a wife, who was before her marriage Mrs. Ethel Tankersly, of this city, two sisters and three brothers. Funeral arrangements will be announced later.

People Are Buying More Life Insurance

New York, Dec. 7.—The American people are buying \$9,300,000,000 of new life insurance this year, according to the reports of 158 companies, submitted at the 16th annual convention of the Association of Life Insurance Presidents here this afternoon. This is \$500,000,000 more than was bought in 1921. This increase is regarded by the leaders of the convention as reflecting improved business and economic conditions, generally throughout the country for the current year.

HARDING'S MESSAGE GOES TO CONGRESS

President Stresses Prohibition Enforcement, Farm Credits, Transportation and Others.

(By Associated Press)

Washington, Dec. 8.—President Harding in his annual message to Congress today deals with a score of subjects, chiefly prohibition, farm credits, the transportation problem and immigration. He said he would invite the governors of the states to a federal conference with a view of adopting a definite national policy with state cooperation in administering the prohibition laws. He says the day is unlikely to come when the prohibition amendment will be repealed and the nation should adopt a course accordingly. He asserts if prohibition enforcement is contrary to the deliberate public opinion, which he does not believe, rigorous enforcement will concentrate public attention on requisite modifications.

The president proposes to abolish the Railroad Labor Board and substitute a labor division in the Interstate Commerce Commission. He urges coordination of all transportation facilities, including inland waterways and motor trucks.

He declares for more extended credits for farmers and proposes two constitutional amendments to give congress authority over child labor and to restrict the issue of tax exempt securities.

He would register aliens for a more thorough examination of emigrants at embarkation point, and says there "is a recurrence of hyphenated Americanism," and that advocates of revolution are abusing the hospitality of America.

Dealing with foreign affairs, he says America is free from every threatening cloud and has contributed a large influence toward making armed conflict less likely.

THREE 'SHINE STILLS CAPTURED IN ESTILL

Irvine, Ky., Dec. 8.—Constable Powell and Deputy Sheriff's Christopher and Isaacs in a raid early Thursday captured three moonshine stills, the largest with a capacity of 75 gallons, and arrested six men, charged with manufacturing liquor. Edward and Leonard Puckett were arrested charged with operating in the 75-gallon apparatus which was found near Cressy, while Bud and Henry Puckett were arrested following the capture of a 60-gallon still nearby. All four of the men are brothers. A 25-gallon still was found on Barnes Mountain, Price Harrison and Ambrose Young being arrested charged with operating it. The three outfits have been placed on exhibition here.

RICHMOND MARKET LEADS THE STATE

Prices Paid on Independent Floor Here Higher Than Others in Burley District.

The Richmond independent tobacco market at the Home Warehouse continues to lead the state in high prices. Thursday's sales saw a total of 9,000 pounds sold for an average of 32 1-2 cents a pound. One crop of 595 pounds sold for the splendid price of 54 cents per pound. Growers out of the pool who are selling on the local market are delighted with the prices being paid here. With London on the job constantly boosting, and he isn't letting the good stuff that is being offered get away from the buyers without letting them know just what it is worth, a glance at reports from other independent markets shows just how much higher the Richmond market is than elsewhere.

Lexington Average \$30.87

Lexington, Ky., Dec. 8.—Raising from 8 to 45 cents a pound, 203,619 pounds of tobacco were sold on the floors of the Burley independent warehouses Thursday for \$2,930.87, an average of \$30.67 a hundred.

The Virginia average home sold the high basket of the crop, composed of 320 pounds from the crop of Ohio Sprakes of this county, at 48 cents. A total of 55,895 pounds were sold at this house for \$2,698.85, averaging \$30.30.

A total of 22,980 pounds were sold for \$7,029.80, an average of \$30.50 at the Jewell house. The high basket in the crop of Murphy & Humphrey, of Carroll county, weighing 240 pounds, brought 47 cents.

81,040 pounds, totaling \$25,907.89, were sold at the Peoples house for an average of \$31.94. The Geary house sold 33,000 pounds for \$13,630.33, averaging \$20.83.

Danville Average 39c

Danville, Ky., Dec. 8.—Prices have increased daily since the opening of the independent tobacco market here Tuesday. The week sold for an average of more than 30 cents a pound. R. Dohoney, of Perryville, sold 4,270 pounds at prices ranging from 25 to 44 cents a pound. The entire crop, which was grown on three acres of land, brought \$1,437.15.

BURLEY POOL HOUSES OPEN MONDAY A. M.

Lexington, Ky., Dec. 8.—Final preparations have been made for the opening Monday morning of the receiving plants of the Burley Tobacco Growers' Cooperative Association. When the 77,000 and more members get ready to deliver their crops the association will be ready to receive them.

The same procedure will be followed as was followed last year, the grower registering for the delivery of his crop, either by telephone, by mail or in person. Each grower will be given a date for the delivery of his crop by his warehouse manager and is expected to deliver on that date. Growers are requested by the association management to not reserve a date until their tobacco is ready for delivery.

President Stone and other officers of the association went to Felicity, O., Friday where a new receiving plant of the association was dedicated. Director at large, Charles H. Woodmansee, of that state, presided, and President J. C. Stone delivered the principal address.

The Felicity plant is one of the last to be constructed by the Association and is expected to be a great convenience to the growers of that section of Ohio, who heretofore, have had no warehouse in which to deliver their tobacco.

(Continued from page 1)
pelled to connect with sewers. The very question had been before the council at this meeting. He further said he had early asked for a weed ordinance, compelling property owners to cut weeds, but had recently gotten that. He said he didn't know who was at fault for the city not being cleaned up as it should be. The city attorney had told him that the city judge was responsible and the city judge had told him the city attorney, and there he was. He had asked for an anti-hog ordinance, as the hogs in the city were the cause of much annoyance and filth.

Mayor O'Neil asked Dr. Bosley in what way he considered Richmond one of the filthiest cities. Dr. Bosley told of open cesspools, privies, etc., not connected with sewers. He said, however, he had recently been in one town in eastern Kentucky that was filthier than Richmond and was ready to amend that indictment.

Mayor O'Neil said that he'd noticed that the educators who had the education bug wanted people to spend all their money on the schools; the health officers wanted all the money spent on their department; the firemen wanted all the money and that is the condition the city finds itself in. He said he felt sure the officials and councilmen of Richmond were willing to do everything in their power to remedy any such conditions at any time.

All of the members of the council were present at the meeting. Prof. Squires had his civil government class from Eastern Normal School present to obtain some first hand information as to how the government of a city is conducted. The young men and women paid strict attention to everything that was done and said and some of them took notes on the proceedings of the City Fathers.

Reports of officers showed assessment of \$440, and 75 days in all by Police Judge G. Murray Smith during the month of December. Chief of Police Devore reported collection of fines to the amount of \$568 in cash, and City Collector Dykes reported collection of \$9,140.51 in taxes during the past month. A report from City Treasurer R. E. Turley showed a net balance to the city's credit of \$43,333.85, of which \$4,181.10 is in the sinking funds for streets, sewers, and schools, and the school fund. There was shown an overdraft in the city's general fund of \$847.25. The city owes

the State Bank and Trust company \$10,600 on two notes for money borrowed to pay the city running expenses. It was voted to pay off these notes out of the net balance. City Attorney Rice called attention to the fact that it was illegal to use the sinking fund money for any such purpose. He pointed out that the sinking fund was sacred. Councilman Hamilton explained that the city could make notes and repay the sinking fund at any time that it was needed, however.

The question of appointment of a new City Board of Health will be taken up at an adjourned meeting later. Mayor O'Neil informed the council that the terms of the three members of the board, J. W. Hamilton, E. C. Stockton and C. E. Smoot had expired. He said a number of citizens to whom he mentioned the matter had refused to serve.

Some time was spent in discussing the question whether the city's fire fighting apparatus should be sent outside the city limits to attempt to save dwellings, etc. It was finally decided to leave the matter to the best judgment of the fire chief and other authorities as each case came up.

The council was informed that someone has been taking the old bricks off a street in Rosedale that were dumped there to repair the thoroughfare. They came from the old Baptist church, it seems. It was requested that the street be rolled and graded over the bricks. The Building and Repair committee was also directed to repair a leak in the roof of the fire department.

Councilman Pleas Benton, chairman of a committee which investigated a collision between the fire truck and a car belonging to Jake Hackett, reported that his committee could find no evidence that the city was liable for the damage to Mr. Hackett's car. There was a bill for \$63 which Mr. Hackett requested the city to pay, but Councilman Benton said the evidence showed that the city employees driving the fire truck were not to blame for the accident and his committee did not think that Mr. Hackett had grounds for a claim against the city.

Councilman Benton's street committee also reported against any improvement work on B street between Irvine and Main at this time.

The question of a sewer for the new colored First Baptist church came up and its need was impressed on the council. Councilman Hamilton's motion that the city provide the tiling if the members of the church would furnish the labor to put it down, carried after considerable discussion. He pointed out that the city has no funds at this time to lay more sewers; that there are numerous requests from all over the city for more sewerage but that the city is totally unable to comply with them.

Rev. Welby Broadus, pastor of the church, made an impressive plea for the sewer. He said that nearly all of his members work during the day and he felt it would be extremely hard for them to find time to do this work. He said the new church is just being completed at a cost of about \$40,000. There are 1,000 members. The church building is equipped with lavatories, etc., and everything is ready to connect with a sewer which is badly needed. Jim White pointed out that the hill on which the church is located is full of rock and the members who might work on the sewer wouldn't know about getting through it. Street Commissioner Allman said that in his opinion there

would certainly have to be some blasting done. Councilman Hamilton declared he was very fond of Parson Broadus, but that the city simply had no money to do this work at this time, and he felt it was doing the best it could to supply the sewerage tiling and putting it up to the members of the church to do the work of laying and connecting it.

City Health Officer Bosley reported the need for sewerage from the home of Fannie Terrill in the East End which should run across Hill street, he said. He also told of the difficulty of getting connection with the main street sewer from the properties on Main street, occupied by Stanifer, Stockton, Lane and Rice and Arnold. The sewer committee was told to investigate complaint of Frank Davis that water has been running over his yard on Steep street.

Councilman Benton reported that the people of Evansdale want another light, and Councilman Martin declared that Lyndon street is still impassible and he would like to have something done to remedy it. Street Commissioner Allman was directed to investigate the cost of doing some improvement there. Councilman Crutcher's complaint about nothing having been done about the west end sewer which originates in the Weisenburgh lot, resulted in a decision to stop up the sewer as soon as dry weather can be secured and ascertain just what homes are connected with it.

Upon motion of Councilman Hamilton the council refused to lower assessment of property owned by W. P. Robinson on East Walnut street from \$1,200 to \$800. Mr. Hamilton said he understood that the property is renting for \$20 a month and declared that any property that rents for that much is worth \$1,200. A number of other assessment corrections, as pointed out by City Collector Dykes, were made, however.

Upon request of Will McSwain, coal license was refunded to McSwain & Garrett, except for three months. He said they had only secured two cars of coal and had quit ordering any. A petition was presented asking that J. W. Creech be directed to put down a concrete pavement in front of his warehouse property on East Main street. After auditing and passing the bills, the council adjourned.

FRECKLES AND HIS FRIENDS—The National Dessert

—By Blosser

There is no "Just As Good"

Don't accept substitutes—don't buy baking powder that is supposed to be just as good as Calumet—don't think that a big can at a low price means a real saving. Use

CALUMET

Economy BAKING POWDER

Avoid disappointments. Millions of housewives are using Calumet because of its dependability. They know that the bakings will always turn out just right. Pies, cakes, biscuits, muffins, will always be perfectly raised, light and wholesome if you use Calumet, the real economical leavener.

Calumet sales are 2 1/2 times as much as that of any other brand—always call for it.

DYE OLD WRAP, SKIRT, SWEATER, CURTAINS IN DIAMOND DYES

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint any old worn, faded things new. Even if she has never dyed before she can put a rich, fadeless color into shabby skirts, dresses, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything. Buy Diamond Dyes—no other kind—then perfect home dyeing is guaranteed. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade or run.

You May Have a Car Like This

At Very Little Cost!
Here is a car that any family will be proud to own and drive—yet it's within reach of any family's income.
Ames Four-Door Tour-Sedan Body on a Ford Chassis
At a cost of only \$298, you may turn your old Ford into a new stylish enclosed car that easily ranks in appearance with cars selling at \$1500 to \$2000. It is 16 inches longer than regular Ford Sedan body; five inches lower and weighs forty pounds less. It has four full-sized doors; two broad, deep, comfortable seats. Easy to get into and out of; plenty of head-room, elbow-room and leg-room. Five can ride in comfort. All windows may be removed, instantly turning it into a high grade touring car. Oversized gas tank at rear. Stewart Vacuum System; ventilator in cowl; mahogany finished instrument board; upholstered in smart worsteds. Finished in Packard Blue with black top.
Mounted Free
We will mount a new Ames Body on your old Ford Chassis at no extra cost, if you will drive to Owensboro. We are not far away; take a day or two off and see the country. Body shipped if you prefer, safe delivery guaranteed, with full directions and attachments for mounting. Anybody can do it.

Affairs of Friday

Friday afternoon at 2:30 the Woman's Missionary Society of the First Baptist church will meet at the home of Mrs. Nicholas Harber in South Second street.

Friday evening at 8:30 the Ellis' dance at their club room.

Luncheon Bridge

A delightful affair of the week was the luncheon bridge Thursday afternoon to which Mrs. T. E. Baldwin, Jr., was host. The rooms were exceedingly pretty, with a profusion of mistletoe and holly. A most tempting and delicious menu was served after which a spirited game of bridge was enjoyed. The prize for top score was won by Miss Emma Watts.

Mary Pattie Club

Miss Lou Wells very delightfully entertained the Mary Pattie club Thursday at her home in Second street. A full attendance of the members was present and a number of outside guests. The president, Mrs. Carl Schilling, was first on program, reading an interesting story of the opera. Mrs. June Baxter gave a voice number "Arise From Dreams of Thee." Piano number "Waterfall." Miss Gardner, voice "Aide—Romance." Mrs. James Culton, story of the opera, "Miss Sandlin." Voice number "Poppies." Miss Allan.

McDowell Club

The McDowell Club held its meeting on Wednesday with Mrs. G. W. Pickels and gave the following programme:

Roll Call—Favorite Composers. Piano, "Moonlight on the Hudson." Wilson. Miss Jean Dudley. Voice, Absent. Metcalf. Miss Tibbs Quisenberry. Prelude in C Minor. Chopin. Miss Mabel Dudley. Ballet No. 2. Chaminade. Miss Rose Park. Moonlight Sonata. Last Movement. Beethoven. Miss Ollie Terrill.

The club discussed some interesting plans for 1923 and decided to invite a member from one other club to take part at each meeting. The officers are: President, Miss Tibbs Quisenberry; Secretary, Miss Mabel Dudley; Treasurer, Miss Rose Park.

The January meeting will be held with the president at her home in Second street.

D. A. R. Meeting

The D. A. R. meeting has been postponed. The hostess and leader, Miss Laura F. Bright, cordially invites all members to be present Saturday afternoon, December 16th, at 2:30. The meeting will be held in the ladies' parlor, First Presbyterian church.

EASTERN STARTS

BASKETBALL WORK

Eastern Normal will have one of the best basketball teams in many years is the belief of those who have watched them work out in the Madison Hi gym. Their own gym will be ready in the next week or two and they will start work in earnest. G. H. Hembree, former star under Eastern colors, will again have charge of the Normal basketball. Last year he, with the Eastern boys, defeated some of the best teams in this part of Kentucky and this fall won the football championship of the Eastern Kentucky Intercollegiate Athletic Association. It is hoped that he can repeat this performance in basketball.

Coach Hembree has only one man left from last year's team, Clayton Mainous, who plays running guard. He has Talton Stone and Marshall Hurst, Madison Hi stars of last year. Word, a Wesleyan letter man, Potter, a former Eastern player, Holt, Sutton, Caudill and the Hampton brothers, all classy players. The last two named are exceptionally fast and great things are expected of them in Eastern uniforms. Potter injured his shoulder in practice and will not be able to come out again until after Christmas.

The Eastern schedule has not been completed but it is understood that games will be played with Kentucky Wesleyan, Berea, Cumberland, Sue Bennett, Union, Western Normal and other fast fives. The season will open on the Normal floor, Saturday, December 16, with Kentucky Wesleyan furnishing the opposition. The girls team will play also. The Wesleyan men are coached by Basil Haden, all-southern forward, from the University of Kentucky, who is reported to have fine material and expects to develop a fast team. This game will be the opener in Richmond, as Madison opens the season in Winchester. This

Wet Suspicion Did Not

Warrant Conviction, Held

Frankfort, Ky., Dec. 7.—Cas Mullins will get a new trial in the Rockcastle circuit court on a charge of transporting liquor. The court of Appeals having reversed the finding of the lower court. Officers found a quart of moonshine hidden under a log. Mullins was charged with placing the liquor under the log to be picked up by a purchaser, according to the court. The fact that he was suspected of the deed did not constitute sufficient evidence, the court held.

Blackheaded Pimples Quit With S.S.S.

Why? Pimple-Poison Goes When Red-Blood-Cells Increase! S. S. S. Builds These Red-Blood-Cells.

You can be sure of this, nature has no substitute for red-blood-cells. Pimple-poison can't live in the red rivers of your blood. Red blood cells are enough rich red-blood-cells in it. More red-blood-cells!

That is what you need when you see pimples staring at you in the mirror. Black-headed pimples are worse! Eczema is worse yet! You can try everything under the sun—you'll find only one answer, more cell-power in your blood! The tremendous results, produced by an increase in red-blood-cells is one of the A. B. C's of medical science. Red-cells mean clear-pure rich blood. They mean clear, radiant complexion. They mean nerve power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from the blackhead pest, from boils, from eczema and skin eruptions, from rheumatism impurities, from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will build them for you. S. S. S. has been known since 1836 as one of the greatest blood-builders. Blood-cleansers and system strengtheners ever produced. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again

Too Much Meat Hurts Kidneys

Take a glass of Salts to Flush Kidneys if Bladder bothers you.

Eating too much meat may produce kidney trouble in some form or other, says a well-known authority, because the uric acid exites the kidneys, they become overworked, get sluggish, clog up, and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so that it no longer irritates, thus often ending bladder disorders.

Jad Salts can not injure any one; makes a delicious effervescent lithia water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders.

Mrs. Clara Phillips, Los Angeles, murderess facing a 10-year sentence, and who broke jail, is believed to have escaped into Mexico.

PERSHING STRESSES AIRCRAFT NEED

(By Associated Press)

Washington, Dec. 8.—America must be prepared to "take the immediate defensive" in the air in case of war, and to so expand its air strength that it eventually can assume its offensive, General Pershing declared today in his annual report as chief of staff of the army.

Discussing the development of the army and post war reorganizations, the general said he had "witnessed with approbation the accomplishments of the present administration in attaining efficiency and economy of operation and it has been a source of distinct pride to observe the response of our military personnel." He pointed out, however, that he regarded the army at its present strength of 12,000 officers and 125,000 men as "below the minimum required for effective performance of our various missions."

"It is my conviction," he said, "that our regular force is cut too much for safety and that a strength of at least 150,000 enlisted men and 13,000 officers should be permanently fixed as the minimum."

WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting—make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Richmond resident's example.

Mrs. U. N. Kings, 118 Orchard street, says: "I had nagging pains in the small of my back and hips. I felt miserable every morning when I got up as I was lame across my back. When I stooped, I became dizzy and colored specks floated before my eyes. I was nervous and felt tired and languid all the time. My kidneys didn't act right and I made up my mind they were causing the trouble. I took a box of Doan's Kidney Pills and they soon cured me."

Price 60 at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Kings had. Foster-McMunn Co., Buffalo, N. Y. dec 8 15 22
